RIFLE KILLS BOY

UNCLE ACCIDENTALLY SHOOTS WILLIAM MARTIN, 11, IN HUNT.

PARENTS WERE ABSENT

Hear of Son's Death Two Hours Later—Youth Dies On Way to Hospital.

While hunting yesterday afternoon with two boy companions, William Martin, a 7-year-old son of Mr. and Mrs. Edward T. Martin, who live in the north part of town, was accidentally shot. He died three-quarters of an hour later in an ambulance while being taken to St. Francis hospital.

The boy, accompanied by his uncle, Homer Stoll, 13 years old, went to a woods northeast of the city about 1 o'clock yesterday afternoon to hunt crows, with a 22-calibre rifle belonging to the older boy. William was beating some brush to scare out the game when his companion called to him to run as he was going to shoot.

The cartridge failed to explode the first two trials, and as Homer tried the third time, the smaller boy ran back within range of the rifle. The bullet struck him directly in the back of the head.

The Stoll boy and another little boy, Dennis Morrissey, who had accompanied them, rushed for help. Dr. K. C. Cummins was summoned and the boy was placed in an ambulance to be taken to the hospital. He died in the ambulance as it reached the northeast corner of the square.

A view inquest was held by Coroner Dr. Will Wallis, Jr., who gave a verdict of accidental killing and exonerating the boy's companions from any blame.

Funeral Tomorrow.

Mr. and Mrs. Martin, the parents of the dead boy, accompanied by the two younger children, Louis and Russell, had gone to the country to spend the day, leaving William at home with Mrs. Martin's brother, Robert Stoll, 18 years old, and Homer, who make their home there. The parents were notified of the accident. They hurried home, reaching here about 3 o'clock in the afternoon.

Funeral services will be held at 2:30 o'clock tomorrow afternoon in the family home, Sixteenth and Dewey streets, conducted by the Rev. Robert Finch, pastor of the First Christian church.

Louis A. Stoll of Kansas City, a brother to Mrs. Martin, arrived today to attend the funeral. Mrs. Martin was formerly Miss Pearl Stoll of St. Joseph and a number of relatives from that city, and her father, R. R. Stoll of Oklahoma City, Okla., will come to Maryville to attend the services. The body will be buried in Oak Hill cemetery.

Child Undergoes Operation.

The six-year-old child of Mrs. C. B. Ragon, of Blanchard, Ia., who was brought to St. Francis hospital Saturday underwent an operation to correct a deformed foot and is doing nicely. The child was at first supposed to be suffering from infantile paralysis but this was found not to be the case and it is now recovering. Mrs. Ragon accompanied her child and will remain until it is fully recovered.

Will Leave For Ann Arbor.

Richard Collins, the son of Mr. and Mrs. Dennis Collins, who live west of Pickering, will go to Ann Arbor, Mich., Thursday, to attend the University of Michigan this winter. Young Collins is a graduate of Creighton University at Omaha, and last winter attended Notre Dame University at Notre Dame, Ind.

Luke Brown of Hopkins was in Maryville this morning enroute to Chillicothe on a few days' business trip.

INJURED BOY IMPROVED.

Gene Huffine Slightly Better—Regained Consciousness Saturday.

Gene Huffine, the son of Mr. and Mrs. James Huffine of West Seventh street, who was seriously injured Saturday morning when he fell from a tree, was slightly improved today.

The child regained consciousness Saturday afternoon and the attending physicians now hope for recovery. In the fall, the boy struck the back of his head, cutting a deep wound and it was feared causing concussion of the brain.

FRANK BEYER KILLED.

Former Resident of This City Killed in Railroad Accident.

Mr. and Mrs. Herbert Wamsley of Arkoe returned Saturday noon from Parsons, Kansas, where they were called to attend the funeral of Mrs. Wamsley's brother, Frank Beyer, who was accidentally killed September 12.

The accident which caused Mr. Beyer's death occurred at Shell City, Mo. Mr. Beyer was working there as foreman of a paint car gang for the M. K. & T. road. The men had quit work and four of them had started on a hand-car to go into the town, when the car was struck by a moving train. Mr. Beyer was hurled 60 feet from the track and struck a huge rock. He was instantly killed. The other man jumped and only one was injured and he not seriously. Mr. Beyer made an attempt to get the car off the track for fear of causing a train wreck. He was a resident of Maryville about 30 years ago, being at that time in business here with John Seegin. The two men conducted a restaurant in the building now occupied by the Haines store.

TEN DAYS TO PAY

COUNCIL ORDERS POLL TAX PAYMENTS BY SEPTEMBER 28.

WOULD IMPROVE WALKS

New Pedestrian Pavements Are Provided for in Action of Aldermen—Allow Thirty Days.

If the 350 or more adult male residents of Maryville have not paid their \$2 poll tax within ten days, suits will follow immediately thereafter, according to action taken by the city aldermen at a special meeting of the council Saturday night. The payment also is ordered made at once, or suits will likewise follow in that case of procrastination, so sayeth the city fathers.

Five new sidewalks also were ordered installed within thirty days, or by October 21. Failure in this case to abide by the edict of the councilmanic body, also will bring down upon the heads of the affected property owners, not only the wrath, but the legal machinery of the city.

Must Install Sidewalks.

The sidewalk improvements provided for are located as follows:

On east side of Mattie street, adjacent to lots 1 and 8, block 5, M. W. Charles' addition.

On east side of Mattie street, adjacent to lots 1 and 8, block 4, M. W. Charles' addition.

On south side of Thompson street, adjacent to lots 1 to 4, inclusive, block 29, M. W. Charles' second addition.

On west side of Walnut street, adjacent to lots 1 and 2, of quarter block 1, T. L. Robinson's addition.

On east side of Mulberry street, adjacent to lots 7 and 8, block 13, W. R. Saunders' addition.

Of the approximately 400 men between 21 and 50 years old, living in Maryville, and subject to poll tax assessment, but fifty-four had paid Saturday, although the \$2 fee became due last June. As the law requires that each person must be served personal notice of the poll tax due, it heretofore has been neglected to a certain extent by the city. An effort however, will be made this year by City Engineer F. L. Flynt to serve each person personally.

May Triple Tax Cost.

The impending suits against those failing to make payment to the city by September 28, it is believed, will induce many to pay without waiting to be served personally. The fact that the costs of cases where payment is extracted only through suits in the circuit court, will bring the total more than double, and even triple, the original poll tax, will be a great incentive for prompt payments, Mayor U. S. Wright said.

Last year the city was enriched by only \$370 through poll taxes, although it was really entitled to about \$800.

The existence of 174 dogs in Maryville last spring, likewise should bring to the city coffers \$348 this year to help defray the expenses of running an up-to-the-minute city. But only 105 dog owners have contributed so far.

More Walks Needed.

Although the city council ordered but five new sidewalks installed within the next month, that is no indication, members of the body say, that others on which notices for improvements had previously been served, will be overlooked. "The city has waited patiently for many months in some cases for the property owners to improve the sidewalks abutting on their lots," said one councilman this morning. "Patience now has ceased to be a virtue in this case."

Others who have been negligent in this matter will be given notice to improve at once. If not due, then the city will order the improvement by the street force and the entire costs assessed against the property owners. Only Councilmen John H. Gray and M. A. Hahn were absent.

Returns From Resort.

Edward E. Williams, cashier of the Real Estate bank, returned last night from Excelsior Springs, where he and Dr. Frank Wallis have been spending the last week. Dr. Wallis will return home tonight, accompanied by James Todd, postmaster, who stopped off for a couple of days at the Springs. Mr. Todd has been attending the annual convention of the Missouri Press Association in St. Louis the last few days.

Mr. and Mrs. M. S. Casteel and Mr. and Mrs. Floyd Casteel of near the Harmony church were shopping in Maryville Saturday.

DEFER NEW WORK

COUNTY COURT TO REPAIR FLOOD DAMAGE FIRST.

ONLY ONE BRIDGE OUT

Span Over Draining Ditch Removed to Relieve Drift Congestion—Many Others Were Harmed.

All contemplated bridge and culvert improvements in Nodaway county, not already in the course of construction, will be deferred indefinitely until damage done to bridges, roads and culverts by the recent high waters is repaired, as the result of an agreement made by J. G. Thornhill and Floyd Westfall, members of the county court, in special session at the court house Saturday afternoon.

The action of the county officials effects about twelve places in the county where it was planned to construct new culverts this fall, at a cost of approximately \$5,000. It was deemed by the officials that it was more imperative to place the recently damaged structures in passable condition first, than to go ahead with the contemplated improvements, much of which it is not imperatively necessary to make this year.

Several Are Damaged.

According to County Engineer John H. Clary, the only bridge or culvert in the county entirely out was a temporary timber structure across a drainage ditch in the Nodaway river valley directly west of Clearmont. It was removed at the direction of Mr. Clary to relieve the congestion of drift and debris which passed into the artificial ditch instead of the river channel. The drift kept piling against the frail piers to such an extent that Mr. Clary believed the bridge would go anyway, so ordered its removal.

While probably twenty-four or twenty-five bridges and culverts will have to be repaired as a result of the floods in the rivers and creeks of Nodaway county, no other structure was taken entirely out, Mr. Clary said. One of the worst damaged bridges was a steel one across Turkey creek, on the "airline" road near the southeast corner of this county.

Another bridge about ten miles northwest of here on the White Cloud creek was materially damaged by the approaches being washed out. Most of the other damage is to culverts, small bridges or tile and plank crossings. None of these repairs is expected to bring the county highway expense to a very high figure.

Washes Undragged Roads.

Virtually all dirt roads in the county at all inclined or susceptible to washing, were cut up and rutted made in the highways by the recent heavy rains, farmers say. One of the noticeable facts, however, Mr. Clary said, was that the dragged roads suffered far less in this respect, than those that had not been dragged recently.

The drags smoothed the highways, thereby eliminating the wheel-made ruts and small gulleys, and kept the water running into the roadside ditches better. Every little wheel rut or depression was turned into a small but ever increasing rivulet on the undragged roads.

The effect shown by the recent rains on the highways will result in many more miles being paved, Mr. Clary believes. A special request is being made to farmers to keep the roads dragged hereafter to guard against just such damage as the undragged roads suffered this month.

102 Still Out At Bolckow.

W. P. Howland, carpenter, returned last night from Bolckow, where he went yesterday morning to visit a brother who is seriously ill. Mr. Howland said the 102 river was still out of its banks there, but that it now was receding quite rapidly. The water was over the road and bridges in several places and was about a foot deep. It is said the overflow reached to the box of a buggy or wagon on roads near Bolckow Saturday.

Mrs. Harmon At Hospital.

Mrs. Rosa Harmon of Pickering was brought to St. Francis hospital Saturday for treatment. Mrs. Harmon is quite aged and has been in poor health for some time. She underwent an operation this morning and stood the ordeal very well.

Dr. H. E. Moss, of Kansas City, spent yesterday in Maryville on a business trip.

Mr. and Mrs. Burt McKee of near Orrsburg were transacting business in Maryville Saturday.

MANY PROGRESSIVES ATTEND.

Addresses By Senatorial Candidate and Local Adherents Attract.

Arthur N. Sager of St. Louis, progressive candidate for United States senator to succeed William J. Stone, democrat, at the general election this fall, left Maryville for Kansas City yesterday after making two addresses here. About 200 bull-moosers from Nodaway county attended the closing rally Saturday night. Besides Mr. Sager, F. P. Robinson, county secretary, and John H. Sewell, county chairman, also spoke briefly.

SERVICES FOR MRS. TRASTER.

Funeral of Aged Hopkins Resident Held This Afternoon.

The funeral services of Mrs. Elizabeth Traster, who died Friday evening at the home of her son, Samuel Traster, of Hopkins, were held this afternoon at the family home, conducted by the Rev. Harley Swift, pastor of the Christian church of Hopkins.

Mrs. Traster was born May 18, 1841, at Quincy, Ill. Her maiden name was Elizabeth Stichter. She was married in 1854 at Winterset, Ia., to Mr. Traster. Thirty years ago, with her husband and family, she came to Hopkins to live and had made her home there continuously since. Her husband died a number of years ago. Six children survive: William, Samuel, Frank, George, Anna and Ella, all living at Hopkins. Mrs. Traster is also survived by 28 grandchildren and 4 great grandchildren.

At the time of the high water the first of last week, the Traster home, which is in the west part of the town, was overflowed, and the family was compelled to move. The only place available was a blacksmith shop and the family took shelter there. Mrs. Traster was ill at the time, and it is thought the exposure during this time hastened her death.

GIVES AUTO RULES.

What Chauffeurs Must Do to Avoid Arrest and Death.

Upon discovering an approaching team, the automobilist must stop off-side and cover his machine with a blanket painted to correspond to the scenery.

The speed limit on country roads this year will be a secret, and the penalty for violation will be \$10 for every mile an offender is caught going in excess of it.

In case an automobile makes a team run away, the penalty will be \$50 for the first mile and \$100 for the second, \$200 for the third, etc., that the team runs; in addition to the usual damages.

On approaching a corner, where he cannot command a view of the road ahead, the automobilist must stop not less than 100 yards from the turn, toot his horn, ring a bell, fire a revolver, halloo, and send up three bombs at intervals of five minutes.

Automobiles must again be seasonably painted, that is, so that they will merge with the pastoral ensemble and not be startling. They must be green in the spring, golden in summer, red in autumn, and white in winter.

Automobiles running on the country roads at night must send up a red rocket every mile and wait ten minutes for the road to clear. They may then proceed carefully, blowing their horns and shooting Roman candles.

The few residents who don't own horns will give up Sunday to chasing automobiles, shooting and shouting at them, making arrests and otherwise discouraging country touring on that day.

In case a horse will not pass an automobile, the automobilist will take the machine apart as rapidly as possible and conceal the parts in the grass.

File Capt. Wood's Will.

The will of Isaac M. Wood, who died as the result of a fall at his home, No. 722 East Jenkins street, about a week ago, was filed in probate court this morning. It was made March 6, 1896. He leaves all his real and personal property to his wife, Mary A. Wood, except \$1 each to his two sons, Charles B. Wood of Hopkins, and Frank B. Wood of Los Angeles.

RHEIMS HOLDS OUT

GERMANY'S EFFORT TO TAKE FRENCH TERMINUS FAILS.

AUSTRIA BEATEN BACK

Attempts of Teutonic Army to Cross Drina to Serbia Fails—Montenegrin Army Draws Close.

(By American Press.)

Nish, Sept. 21.—The enemy's attempts to cross the Drina river, on the Loznitza and Ratcha line has again failed. All Austrian attempts to cross save at Miltorza and Shahatz has also been unsuccessful.

The Montenegrin army is only fifteen kilometers from the Bosnian capital of Chalon.

Submarine, Sept. 21.—The Germans continued to bombard the principal buildings of Rheims last night and today debris of the crumbling walls, was all that was left of the thirteenth century cathedral, the most remarkable extant Gothic architecture. In addition the museum, hospital and the city also were destroyed for the greater part.

Several inhabitants were killed. In spite of repeated attacks the Germans were unable to take Rheims, which was desired as a terminus of the railroad to Verdun and Chalon. Allies have repulsed the Germans' attacks in several impetuous counter movements in which the infantry charged with magnificent bravery regardless of the terrible storm of shrapnel.

DEFEAT ALL STARS.

Stanberry Team Wins After Five Innings, 5 to 3.

The All Stars lost to the almost invincible Stanberry base ball team at Stanberry yesterday afternoon by a score of 5 to 3. Both sides made several costly errors. The game was called at the end of the fifth inning on account of the rain. The attendance was small. An effort will be made to bring the Stanberry team here soon.

The score:
R.H.E.
All Stars.....3 7 5
Stanberry.....5 4 4
Batteries: Carmichael, Ham and Carmichael; Hawthorne and Sumner. Ham pitched the last three innings.

Re-Arrest Roy Zanker.

After having evaded the officers for a year, it is alleged, Sheriff Edwin Wallace went to the home near Graham last week and there arrested Roy Zanker, who, it is charged, forfeited his bond for \$100 by failing to appear for trial on a charge of peace disturbance last year. The circuit court thereupon ordered bond payment made by the surety.

Zanker will not be given any preliminary hearing. Instead he will be tried at the opening of the September term of circuit court here next Monday on the original peace disturbance charge.

Canvass Proves Successful.

The every member canvass started yesterday by the Men's Brotherhood of the First Methodist church was very successful and resulted in raising a liberal part of the \$5,200 which is necessary to defray the general expenses of the church for the year.

An increase of \$600 over last year was given by the subscribers visited yesterday. The canvass will be finished by next Sunday afternoon.

Mr. and Mrs. Preston Seafers of Maryville and Mrs. Frank Vanselson of near Orrsburg returned Saturday from Carthage, Ill., where they visited relatives for several days.

Every piece of this ware is the best of its kind. Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than \$8.00. This ware is on exhibition at our store. DON'T FAIL TO SEE IT.

WHICH SHALL IT BE?

Do you intend to continue laboring, burning valuable fuel and destroying high-priced food with that old worn-out cook stove.

You KNOW that old stove eats up a lot of fuel each year.

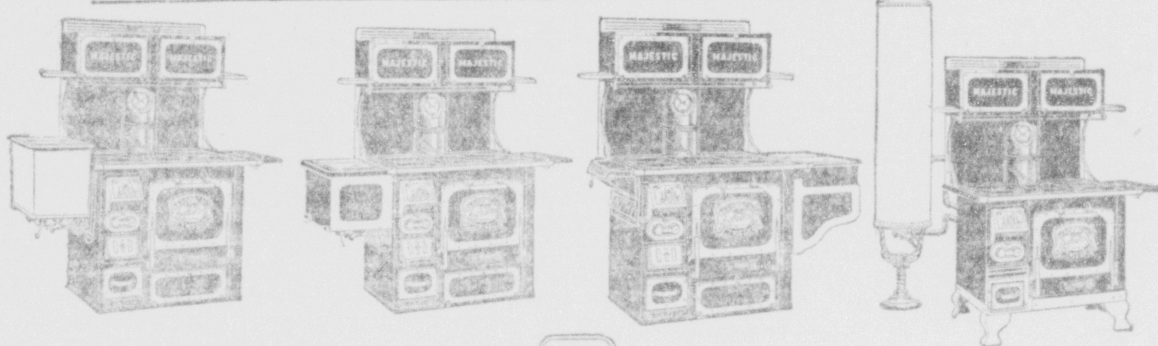

You KNOW you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.

THE GREAT MAJESTIC Malleable and Charcoal Iron RANGE

You make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and of the right kind of material—MALEABLE AND CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos—parts being malleable can't break—has a removable reservoir and an oven that doesn't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (browns bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "unsight unseen"; you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 300 per cent stronger than other ranges where most ranges are weakest.

IS JEWS' NEW YEAR.

World Is 5675 Years Old—Religious Season Continues.

The Jewish religious season opened yesterday with the celebration of Rosh Hoshona, or New Year's day. It will continue until sundown tonight. This feast inaugurates the most solemn season of the Hebrew's religious year, it being the change from the calendar year of 5674 to 5675. While Maryville and the remainder of Nodaway county have few residents of the Jewish faith, those that do live here expect to observe the custom of their faith in part at least. In the larger cities, many stores and other establishments operated by Jews will be closed for several days.

Other religious feasts to be celebrated by the Jews after Rosh Hashona include Yom Kippur, or the day of Atonement, on September 30, and Succoth, or the feast of tabernacles, beginning Sunday, October 4, and continuing for eight days.

The observance of Rosh Hashanah is commanded in the five books of Moses in the old testament. The people of Israel are commanded to "blow the trumpet, then hold a holy convocation, and to engage in no servile occupation." The day is the first day of the seventh month, and for that reason is looked upon by the Jews as an especially holy one. It has come to be looked upon also as the day on which God weighs men's actions in the scale of justice.

Another practice still in existence in the old country and which is observed in part by some of the more strict Jews, is the cancellation of all enemies and of all debts during the religious season. It is virtually the inauguration of a new life or at least a "clean slate" as far as it is possible to do so. Two men that have been enemies and of all debts during the

time to greet each other in the friendliest of manner and forever after be bosom friends.

WANTED Rags!

Millions of dollars' worth of Rags collected annually

The General says:

My output of **Certain-teed** Roofing has grown to such enormous proportions that I am having difficulty in getting enough rags of good grade to supply this demand.

I also need a lot of rags of lower grade for making my standard quality roofing, and also a still lower grade for making my Competition quality roofing.

I will pay the best market price for roofing rags anywhere in any quantity. If they can be shipped in carload quantities and in assorted grades, we can have them shipped direct to any of our big mills, but if in smaller quantities or unsorted, we will arrange with one of our packers or sorters near you, to buy your rags and prepare them for our use in the different grades.

Churches, Societies, Charitable Institutions and others are making good revenue by collecting all kinds of old rags. We consume scores and scores of tons of these rags every day—in fact the total rag sales of the country amount to several million dollars a year. It's an easy way to make money. The rags are generally given to the collectors or at least sold for very little. Every kind of rag can be used for something. Use this plan to pay off your church debt or raise the minister's salary. The results are surprising.

GERMAN WOUNDED ARE INSIDE

Berlin Expresses Regret City Was on French Line.

WAR SUMMA Y

Reports differ as to the progress of the great battle in northern France between the allied British and French armies and the Germans. Some indicate that there is extremely heavy fighting, while others tell of the great masses of troops lying in flooded trenches, many of them at the stage of exhaustion. At some points, at least, fierce engagements have been fought, with the tide flowing first in one direction and then in the other. The allies have won a position here, and the Germans have gained one there.

The Britishers in the trenches say: "We are slowly beating them back." The French official statement declares that though furiously counter attacked by superior forces and obliged to yield some ground, this was retaken almost immediately. The British merchant cruiser Carmania has sunk a German merchant cruiser, supposed to be either the Cape Trafalgar or the Berlin, off the coast of South America, but the German cruiser Koenigsberg has completely disabled the British cruiser Pegasus while the latter was overhauling her machinery in Zanzibar harbor, killing twenty-five men and wounding more than three times that number; and the German cruiser Emden has sunk six British steamers in the bay of Bengal.

In the fighting around Rheims, the matter of greatest general interest has been the destruction of the famous cathedral, one of the most noted structures in the world, dating back to the thirteenth century, which is reported to have first been pierced by many German shells and then to have been burned.

London, Sept. 21.—A dispatch to the Express says that the bombardment of Rheims began from German batteries posted six miles north of the city. The first shots shattered the priceless old windows of the cathedral, which was flying the Red Cross flag, owing to the fact that 500 wounded German soldiers were under care in its chapel.

Of these, 150 suffered further wounds during the bombardment. Four hundred inhabitants of the town were killed during the bombardment, the dispatch says. All of the historic buildings in the neighborhood of the cathedral have been destroyed and much of the town is now in flames. The population is flying to the southwest.

The French minister of the interior announced that the cathedral of Rheims had been destroyed by German artillery fire and that all the other historic and public buildings of that city had been destroyed or seriously damaged.

Official advices state that the cathedral is in flames, following the bombardment by the German artillery, and that there appears to be little hope of saving the city from destruction.

Germans Express Regret.

Berlin, Sept. 21.—An official statement, just issued, says: "Rheims was in the battle line of the French and the Germans were obliged to bombard it. We regret the necessity, but the fire of the French came from that direction. Orders have been issued to save the cathedral. The attacks on the French are progressing at several points."

French Make Gains.

Paris, Sept. 21.—The war office issued the following communication: "On our left wing we have again made a slight advance along the right bank of the river Oise. "A division of Algerians captured another flag. "All the efforts of the Germans, supported by strong artillery, to smash our front between Craonne and Rheims have been repulsed. "Near Rheims, the hill of Brimont, a portion of which we had occupied has been retaken by the enemy. In re-
